WILL REPORT BILL MONDAY

**Senate Committee to Bring in
Tonnage Tax Measure.**

CHANCES FOR PASSAGE BRIGHT

**Bicknell's Railroad Bill Passed by the
Senate While the House Is Consider-
ing Its Recall—House Kills Measure
Regulating Patent Medicines—Con-
ley Health Bill Passed by the House.
Ban Put on Rebates.**

St. Paul, April 9.—Under the lead-
ership of Senator Ole Sageng the
forces in favor of the tonnage tax
passed a resolution instructing the
committee on taxes to report the ton-
nage tax bill to the senate Monday
morning.

The vote by which this order was
adopted was 34 to 25, and is taken to
indicate that the chances for the ulti-
mate passage of the bill are bright.
It has been the fear of the champions
of the bill that its enemies would
seek to delay action by the commit-
tee so that it would not come to a
vote at this session.

This scheme was defeated for the
time being after a spirited argument
in which a dozen senators took part.
With the bill on the floor of the sen-
ate the only way its passage can be
defeated, if there are thirty-two sen-
ators in favor of the tax, is a contin-
uous filibuster, the first evidences of
which appeared when the senate ad-
journed before 5 o'clock, not to meet
until Monday morning at 10 o'clock.

In order that other opponents of
the tonnage tax may have an oppor-
tunity of presenting their side of the
case, the senate decided to hold an
evening session next Tuesday, when
men from Crow Wing, Morrison and
Aitkin counties will explain the oper-
ation of the tax on these counties
which contain an unexplored quantity
of low-grade ore. The fact that this
hearing was set on Wednesday night
for next Tuesday was used by S. F.
Alderman as an argument against the
forcing of the bill from the commit-
tee on taxes.

Senate Passed Bicknell's Bill.

The senate passed W. C. Bicknell's
bill requiring railroad companies to
keep a record of freight charges made
during the pendency of any rate con-
troversy and return to the shippers
the difference in case the rates are
declared illegal. The bill passed the
house last Monday and an effort was
made in the house to recall the bill
from the senate before it passed there,
and thus delay the passage of the bill.

Similar bills were introduced in the
senate by F. E. Putnam and in the
house by W. C. Bicknell. The Bick-
nell bill was considered by the judi-
ciary committee, recommended to
pass, passed the house, sent to the
senate and there placed on the calen-
dar because the senators thought it
had been sufficiently considered in the
committee. The Putnam bill came in-
to the house while the Bicknell bill
was still in the house, and the ordi-
nary procedure would have been to
have the Putnam bill substituted for
the Bicknell bill, but this apparently
was overlooked.

On Wednesday when the railroad
committee met there were several rail-
road attorneys there ready to fight the
Putnam bill, but they told the com-
mittee that there was no use taking
up their time as long as the house had
passed the Bicknell bill and the sen-
ate was likely to pass it any time. So
the railroad committee decided to ask
for the recall of the Bicknell bill and
have some hearings on it next week.
J. O. Haugland made the motion for

the committee. The motion was de-
feated, 77 to 17.

J. F. Rosenwald's bill punishing
"burglary with explosives" with twenty-
five to forty years imprisonment
was voted down in the house, then
resurrected, amended so as to make
the penalty minimum ten years, and
then passed.

Patent Medicine Bill Killed.

By a vote of 35 to 30 the house
killed Dr. J. A. Gates' bill regulating
patent medicines. Donald Robert-
son of Argyle, a druggist, made the
motion which killed the bill.

The house killed a bill introduced
recently by Representatives McGrath
and Krause prohibiting persons carry-
ing firearms and accompanied by
dogs from entering the lands of other
people.

Representative Pfander's bill pro-
hibiting the taking of rebates or gifts
by members of the board of control,
either for themselves or for the state,
passed the house. This was the bill
which Mr. Pfander introduced at the
close of the Leavett hearings to pre-
vent the recurrence of such affairs as
the rebate case.

The Conley bill requiring the state
board of health to examine plans and
inspect the construction and operation
of all municipal water and sewer sys-
tems passed the house after it had
been amended so as not to apply to
cities of the first class.

Before referring the highway com-
mission bill to the finance committee
the senate cut the salary of the state
highway engineer from \$3,500 pro-
posed in the bill to \$1,800. This
amendment was adopted on motion
of A. L. Hanson of Ada, and leaves
the salary where it is.

The house adjourned until Monday.

CASE SOON WILL GO TO THE JURY

**Trial of Mrs. Harry Sampson
Nearly Ended.**

Lyons, N. Y., April 9.—The state's
case against Mrs. Georgia Allyn Samp-
son, the young woman charged with
killing her husband, Harry Sampson,
last November, has practically come
to a close. The prosecution will rest
in case when Albert H. Hamilton, a
gun expert, concludes his testimony.
The defense's testimony will be brief,
and it is the general expectation that
the case soon will go to the jury.

When District Attorney Gilbert
sought to place the black outer shirt
of Harry Sampson in evidence, Justice
Rich ruled against its admission be-
cause sufficient ground had not been
established for its introduction. With-
out the shirt in evidence the state
would not be able to show that the
bullet hole was not a contact shot
and that Sampson was fired at from
a distance, thus precluding the theory
of suicide. But District Attorney Gil-
bert succeeded in getting the outer
shirt in evidence through the gun ex-
pert, Albert H. Hamilton, who placed
the undershirt within the black shirt
so as to show that the perforation in
both shirts made by the bullet coin-
cided.

Expert testimony consumed the ma-
jor part of the afternoon session and
Mr. Hamilton offered testimony that
was unshaken by an exhaustive cross-
examination. He produced pieces of
cloth of material like that of the two
shirts and showed the results of fire
from the fatal rifle at varying dis-
tances from a contact shot to forty-
eight inches. There were no powder
marks, no powder stains, or evidences
of fired gunpowder at forty-eight
inches, but inside of that distance
there were powder marks and stains
varying according to the distance.

Witness testified that the outer
shirt of Harry Sampson showed only
a speck of powder stain and left the
inference with the jury that the rifle
which killed Sampson was held about
four feet from his breast when it was
discharged.

PROMINENT ATTORNEY SHOT

**Police Thought He Was Breaking
Into a Saloon.**

Richmond, Va., April 9.—Ordway
Puller, a former member of the leg-
islature and a prominent young attor-
ney of this city, was shot by police-
men after having broken the window
of a saloon. He is held in a hospital
on a felony charge. Two policemen
heard the crash of glass and presum-
ing that some one was breaking into
the place, ran to the scene and dis-
covered Puller, who made an attempt
to escape. Both fired, one shot tak-
ing effect in Puller's leg.

CASTRO MUST REMAIN AWAY

**Will Not Be Given Asylum in
Countries Near Venezuela.**

DESIRED BY UNITED STATES

That the Former President of Vene-
zuela Be Kept Away From the Vi-
cinity of His Native Land, as It Is
Feared That His Return Might Re-
sult in Re-Establishment of the Old
Unsettled Conditions.

Washington, April 9.—The efforts
of the American government to keep
former President Castro out of Vene-
zuela and away from the nearby main-
land and islands have every indica-
tion of being crowned with success.

Most of the powers having posses-
sions in that part of the world have
indicated to the state department that
Castro's presence is not wanted with-
in their boundaries and that they are
willing to acquiesce in the desire of
the United States that he be far re-
moved from the scene of his former
prestige.

Notwithstanding Castro's deposition
as president, he has still many warm
adherents in his native country and
it is realized here that his return
might be made the occasion of a
demonstration resulting in the re-
establishment of unsettled conditions.
This government feels that Castro
ought not to be allowed to return to
Venezuela or to be permitted to make
his headquarters at any of the sur-
rounding ports.

Castro at present is ill at Fort de
France, Martinique, the result of the
scar left by the operation at Berlin
opening. His condition is grave.

The French government has decid-
ed to expel Castro from Martinique
when his condition permits.

GAME WARDENS TESTIFY

**Tell How They Disposed of Stephen-
son's Campaign Fund.**

Madison, Wis., April 9.—Nothing
extraordinary developed at the hear-
ing of the senatorial primary investi-
gation committee, State Fire Mar-
shal T. M. Purtell and three game
wardens appeared and told the com-
mittee how they disposed of various
amounts of Stephenson's campaign
fund, but none of the witnesses knew
of any of the money handled being
used in an unlawful manner.

Senator Morris of La Crosse, a
member of the committee, was the
last witness of the day. He told his
colleagues that he received \$25 from
Hutton for getting out a circular let-
ter in Hutton's interest.

Senator Morris, in reply to a ques-
tion, said he thought it all right for
a candidate for the legislature to spend
his own money in a campaign in be-
half of a senatorial candidate and that
he should follow the instructions of
the primaries unless there is evi-
dence of foul play in the primaries.
In that case he must use his own dis-
cretion.

Governor Davidson is expected to
testify this week.

HUNDREDS ARE HOMELESS

**Tenement Houses at Manchester, N.
H., Destroyed by Fire.**

Manchester, N. H., April 9.—A large
portion of the tenement house district
just south of the business center of
this city was wiped out by fire. It
destroyed about fifty wooden three
and four-story buildings. Six hundred
men, women and children, mostly
Greeks, were made homeless. The
loss is estimated at about \$150,000.

The flames were driven through
two city squares by a fierce westerly
gale. Help had to be summoned from
Concord, Nashua, Rochester, Dover
and Portsmouth, N. H., and Lowell,
Mass. Five companies of the New
Hampshire national guard were called
out to help the police keep back the
crowds. The cause of the fire is un-
known.

BIG ELEPHANT RUNS AMUCK

**Kills His Keeper and Creates Havoc
in the Animal Park.**

Des Moines, Ia., April 9.—Tom, an
elephant in the winter quarters of the
Yankee Robinson circus here, ran
amuck. Seizing his keeper, Charles
Bellow, he hurled him high into the
air and then trampled him to death.
The beast then ran through the ani-
mal park, uprooted small trees, de-
stroyed three circus wagons and de-
molished a bridge across a lagoon.
Many bullets were fired into the
beast before it was subdued.
The elephant was forty-four years old and

25c Hair Ribbons

A new line to select from

You will have a large line of 25c wide hair ribbons to select from tomorrow as we have just added a number of pieces of 4 1/2 to 6 inch ribbons to this line. They are morie and fancy weaves. These are 30 and 35c qualities.

OUTBREAKS OF BAD TEMPER

**Exhibited by Some Members of
the House.**

REPUBLICANS CAUGHT NAPPING

Champ Clark Secured an Amendment
to the Tariff Bill Fixing the Rate of
Duty on Iron Ore and Steel Wire at
Three-quarters of a cent Per Pound,
But It Was Later Thrown Out—Con-
test on Sugar Schedule in Senate.

Washington, April 9.—Because of
the numerous committee amendments
to the Payne tariff bill, the house of
representatives was compelled to sit
until late in the evening to insure ac-
tion on the various paragraphs com-
ing within the scope of the special
rule adopted last Monday before the
final vote is taken.

At one time the Republicans were
caught napping and an amendment
by Mr. Clark of Missouri was adopted
fixing the rate of duty on iron ore,
steel wire and of the number 16
gauge, at 3/4 of a cent per pound, but
this was thrown out later. Fearing
that he might not meet with such
success again, Chairman Payne took
his Republican colleagues to task for
absenting themselves from the cham-
ber and appealed to them to remain

in their seats. This was done, with
the result that in all the committee
amendments he was sustained.

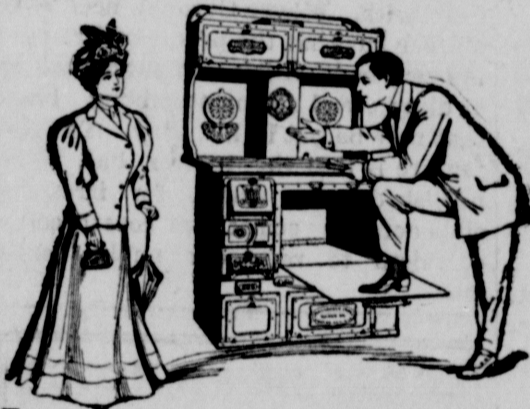

While occasionally there were out-
breaks of bad temper, on the whole
the session assumed a normal aspect
and business proceeded with a reason-
able degree of facility.

WEATHER FORECAST

Fair and warmer.

FREE lumber is doomed—now how
about the seven populists?

CONGRATULATORY grapevine tele-
grams are still being showered upon
the new alderman from the Fifth.

If you have rheumatism you can be
cured by the sting of bees, if the word
of a New York physician can be relied
on. All you have to do is to capture a
few honey bees and let them sting you
good and plenty, if the first dose is not
enough repeat it and relief is guaran-
teed. The remedy will be considered
worse than the disease by some people.

HERE is one from the Duluth News-
Tribune:—Minnesota will not have county
option; gentlemen's clubs will pay no
liquor license; the lid will still oper-
ate with a hinge in the cities; base ball
on Sunday's will be legalized; sportive
athletes will be permitted to smash the
faces of others of their kind for the
delectation of the multitude; but the
cigarette goes down and out from a
legislative solar plexus, and has thus
arrived to the dignity of the sins and
the crime of crimes.

THE letter received by the newly
elected mayor is undoubtedly the crea-
tion of some irresponsible individual or
the invention of some person not satis-
fied with the thought that things were
to run smoothly and who wanted a
fight kept up instead of the proper rec-
ognition of the powers that be—for
certainly there is not a man in Brainerd
so low as to stoop to such tactics. If
there is his identity should be dis-
closed and he should be summarily
dealt with. Mayor Ousdahl need have
no fear but that the people of Brainerd
in every walk of life will put the stamp
of disapproval on any stumbling block
that may be put in his way. The bad
feature is that the matter had to be
published to the world, for irrespon-
sible acts are sometimes construed by
outsiders to represent public senti-
ment.

WEATHER FORECAST

Fair and warmer.

FREE lumber is doomed—now how
about the seven populists?

CONGRATULATORY grapevine tele-
grams are still being showered upon
the new alderman from the Fifth.

If you have rheumatism you can be
cured by the sting of bees, if the word
of a New York physician can be relied
on. All you have to do is to capture a
few honey bees and let them sting you
good and plenty, if the first dose is not
enough repeat it and relief is guaran-
teed. The remedy will be considered
worse than the disease by some people.

HERE is one from the Duluth News-
Tribune:—Minnesota will not have coun-
ty option; gentlemen's clubs will pay
no liquor license; the lid will still oper-
ate with a hinge in the cities; base ball
on Sunday's will be legalized; sportive
athletes will be permitted to smash the
faces of others of their kind for the de-
lectation of the multitude; but the ci-
garette goes down and out from a
legislative solar plexus, and has thus
arrived to the dignity of the sins and
the crime of crimes.

THE letter received by the newly
elected mayor is undoubtedly the crea-
tion of some irresponsible individual or
the invention of some person not satis-
fied with the thought that things were
to run smoothly and who wanted a
fight kept up instead of the proper re-
cognition of the powers that be—for
certainly there is not a man in Brainerd
so low as to stoop to such tactics. If
there is his identity should be dis-
closed and he should be summarily
dealt with. Mayor Ousdahl need have
no fear but that the people of Brainerd
in every walk of life will put the stamp
of disapproval on any stumbling block
that may be put in his way. The bad
feature is that the matter had to be
published to the world, for irrespon-
sible acts are sometimes construed by
outsiders to represent public senti-
ment.

SHIPPING 400,000 YOUNG JACK PINES

W. H. Belangee, of Fremont, Neb.,
is Here Securing Them for
That Purpose

ARE DOING WELL OUT THERE

Trees Set Out Nine Years Ago
are Now 20 Feet in Height
and Growing Vigorously

W. H. Belangee, of Fremont, Neb., is in the city securing 400,000 jack pine seedlings for shipment to his home town. Mr. Belangee states that these trees seem peculiarly adapted to the sand hills of western Nebraska. Trees planted nine years ago are now 16 to 21 feet in height and are strong and vigorous. He states that the jack pine is growing in favor there as a shade tree and windbreak. They are also planting many catalpas there, they making rapid growth and being almost indestructible as posts when in the ground.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. H. P. Dunn. mwf

RECEIVED ANONYMOUS LETTER

R. A. Henning Received One Election
Evening Claiming Threats Had
Been Made

R. A. Henning, the secretary of the public ownership party received a special delivery letter election evening which has caused some comment. It was anonymous and stated that certain parties, whose names were given, had made threats that he and Mayor-Elect Ousdahl would be obliged to leave town within six months. Mr. Henning refuses to divulge the names of the men mentioned, and says that the letter is not worrying him any.

The County Fair

The following officers of the Crow Wing County Agricultural Society have been elected for the ensuing year:
President—Alfred Lawrence.
Vice Pres.—R. W. Nash.
Sec. and Treas.—J. H. Sandberg.
Asst. Sec.—C. W. Woodworth.
Trustees—W. H. Hallett, G. Cline, E. Warner.

The treasurer's report showed a balance of \$204.25 in the treasury. A three day's fair will be held at Pequot.

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. H. P. Dunn. mwf

MUSIC AND DRAMA

"Why Girls Leave Home," which is said to have many features that other productions of melodrama have not, namely, not a revolver from one end of the book to the other, will be presented at the opera house on Friday, April 16, for an engagement of one night. Mr. Summerfield, the author, is said to be congratulated in going beyond the beaten paths and fashioning a melodrama that was one of the few successes of last season. The drama points a moral which could be drawn in numerous instances in modern life. It is a story of evil associates and a longing for a life, yet it has a heroine with innocent intentions. Harshness between brother and sister at home gives the girl excuse for continuing on the seemingly wayward career she has chosen, and many exciting bits of experiences make the path extremely fascinating.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. H. P. Dunn. mwf

The Crucifixion

The last of the series of services held in connection with "His Last Week," commemorative of the passion of the Christ, will be held at the First Baptist church at 7:45 this evening. The Methodist church last evening contained an excellent audience who gathered to hear the Rev. J. E. Abramson discourse on the Last Supper and the incidents in the Garden of Gethsemane. The Rev. Charles Fox Davis will be the preacher of the hour at tonight's service, and his theme will deal with the arrest of Christ, His mock trial, His journey to Golgotha and the Crucifixion with the phenomena that marked the tragic hour. The ladies quartette of the Baptist church will sing. All are earnestly invited to attend.

Foley's Honey and Tar is a safeguard against serious results from spring colds, which inflames the lungs and develop into pneumonia. Avoid counterfeits by insisting upon having Foley's Honey and Tar, which contains no harmful drugs. H. P. Dunn. mwf

MINNESOTA S. S. ASSOCIATION

Sunday School Workers of Minnesota
Will Meet in Crookston May
4th and 6th, 1909

The Sunday school workers of Minnesota will meet in Crookston, May 4-6, 1909, for their 51st annual convention. Every pastor, superintendent and teacher in Minnesota should attend. Entertainment will be provided for all delegates on the "Harvard Plan," lodging and breakfast. Good meals will be provided at a very low expense, aside from railroad fare.

W. C. Pearce, of Chicago, Ill., Supt. Adult Bible class Department of the International S. S. Ass'n, will be present during the entire convention. Everybody who has ever heard Mr. Pearce will want to hear him again. Send to the state office at 871 Snelling Ave., St. Paul and ask for a program. When you see the specialists and the helpful topics, you will want to go.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. H. P. Dunn. mwf

Red Men Surprised

One of the most pleasant surprises of the season was sprung last evening, on Red Cloud Tribe, No. 13, I. O. R. M., at their hall in the Columbia block. The tribe was getting ready to confer the third degree on some pale faces, who were in the outer hall when the door bell rang, and when the guard went to the door he was confronted by the ladies of Iola Council, No. 15, Degree of Pocahontas, who said they were waiting to get in. They were told that they would have to wait for a while but insisted that the gentlemen could wait until next meeting, which they kindly consented to do and the meeting was brought to a close in short order. The evening was very pleasantly spent in playing "500," eleven tables being used. An elegant lunch was served by the "squaws" after which the prizes were distributed as follows: Mrs. Geo. Sargent won ladies head prize, Mrs. H. B. Van Sickle got the consolation prize, Oscar Hagberg was awarded the head gentlemen's prize, while Alger Anderson captured the booby prize. The party broke up about 1 o'clock in the morning and everyone present reports having had a most delightful evening.

For Sale

LOCAL NEWS NOTES

(Continued from 2nd page)

good housewives commenced the spring house cleaning, but they induced the men to commence cleaning up the outside of the premises and the smoke of the bon fire is in the air. Too much cannot be done in this direction as a matter not only of beauty but of health. Filth engenders disease and it detracts not only from the looks of the premises but it actually lessens their commercial value. Whatever else Brainerd does it should make a record this year in the matter of cleaning up.

CHILD ACCUSED OF MURDER

Boy Only Six Years Old in Jail at Union, S. C.

Union, S. C., April 9.—Though only six years old, Fred Bell is a prisoner in the Union county jail on a charge of murder. It is charged that the child on Wednesday shot Ethel Thomas, three years of age, and tried to hide the body.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made at Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

The season's master-piece, a Kuppenheimer light-weight, water-proof, dust-proof Auto Coat; a most excellent and masculine type of garment; buttons high with military collar; has side plaits with straps; straps on cuffs; broad shoulders; single-breasted; wide sweep of skirt. We have them in many patterns and colors.

RAILROADS ARE ENJOINED

Restrained From Putting Three-Cent Fare Into Effect.

St. Louis, April 9.—Under the terms of a temporary injunction granted here in the circuit court, all railroads operating in Missouri are restrained from putting into effect the 3-cent fare which was to have obtained after midnight. The injunction was granted at the instance of Seibert G. Jones, circuit attorney of St. Louis, acting for Governor Hadley.

The petition alleges that the railroads have entered into an unlawful agreement to fix the rates and thus have failed to carry out their charter requirements in operating competing lines. It is also charged that there is a discrimination between classes of passengers in that some are charged 3 cents on the ticket rate and others 2 and 2½ cents on the mileage basis. The injunction is returnable next Monday.

All the proceedings surrounding the filing of the suit were accompanied by secrecy and yet revealed a clever arrangement to have the proceedings brought at a time when the railroads were off guard and no proceedings could be brought to forestall the effect of the injunction.

Aged Woman Commits Suicide.

Des Moines, Ia., April 9.—Just as Mrs. George Gulliver of Osage, Ia., had started a search for her aged mother, Mrs. J. C. Pierce, she saw her jump from a fifty-foot windmill. She was instantly killed. Mrs. Pierce was seventy-five years old. She had repeatedly threatened to end her life.

TWENTY YEARS AGO

Mrs. I. T. Dean on Friday last received the sad news that her father, who resides in Ohio, lay at the point of death. Mrs. Dean left for her home on the noon train.

P. M. Reilly, a son of T. M. Reilly, of this city, has embarked in the grocery business at Missoula, Mont.

Judge Geo. W. Holland has been summoned to Zumbrota, Minn., by the illness of his mother.

City Clerk Mahlum was busy all day Wednesday signing the bonds and coupons which had been negotiated to pay for the electric light plant.

On Tuesday word was received of the death of Mrs. A. L. Dickinson, a sister of Mrs. A. V. Snyder, at her home in Casselton, N. D.

Four passenger trains now meet here at noon and business at the depot at that time appears very lively.

H. McGinn will shortly move his stock of groceries into the room now occupied by Whitford's harness shop. Mr. McGinn owns the building now occupied by the harness shop and as he is compelled to vacate his present location he will move into his own building.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. H. P. Dunn. mwf

SHIPPING 400,000 YOUNG JACK PINES

W. H. Belangee, of Fremont, Neb.,
is Here Securing Them for
That Purpose

ARE DOING WELL OUT THERE

Trees Set Out Nine Years Ago
are Now 20 Feet in Height
and Growing Vigorously

W. H. Belangee, of Fremont, Neb., is in the city securing 400,000 jack pine seedlings for shipment to his home town. Mr. Belangee states that these trees seem peculiarly adapted to the sand hills of western Nebraska. Trees planted nine years ago are now 16 to 21 feet in height and are strong and vigorous. He states that the jack pine is growing in favor there as a shade tree and windbreak. They are also planting many catalpas there, they making rapid growth and being almost indestructible as posts when in the ground.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. H. P. Dunn. mwf

RECEIVED ANONYMOUS LETTER

R. A. Henning Received One Election
Evening Claiming Threats Had
Been Made

R. A. Henning, the secretary of the public ownership party received a special delivery letter election evening which has caused some comment. It was anonymous and stated that certain parties, whose names were given, had made threats that he and Mayor-Elect Ousdahl would be obliged to leave town within six months. Mr. Henning refuses to divulge the names of the men mentioned, and says that the letter is not worrying him any.

The County Fair

The following officers of the Crow Wing County Agricultural Society have been elected for the ensuing year:

President—Alfred Lawrence.
Vice Pres.—R. W. Nash.
Sec. and Treas.—J. H. Sandberg.
Asst. Sec.—C. W. Woodworth.
Trustees—W. H. Hallett, G. Cline, E. Warner.

The treasurer's report showed a balance of \$204.25 in the treasury. A three day's fair will be held at Pequot.

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. H. P. Dunn. mwf

MUSIC AND DRAMA

"Why Girls Leave Home," which is said to have many features that other productions of melodrama have not, namely, not a revolver from one end of the book to the other, will be presented at the opera house on Friday, April 16, for an engagement of one night. Mr. Summerfield, the author, is said to be congratulated in going beyond the beaten paths and fashioning a melodrama that was one of the few successes of last season. The drama points a moral which could be drawn in numerous instances in modern life. It is a story of evil associates and a longing for a life, yet it has a heroine with innocent intentions. Harshness between brother and sister at home gives the girl excuse for continuing on the seemingly wayward career she has chosen, and many exciting bits of experiences make the path extremely fascinating.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. H. P. Dunn. mwf

The Crucifixion

The last of the series of services held in connection with "His Last Week," commemorative of the passion of the Christ, will be held at the First Baptist church at 7:45 this evening. The Methodist church last evening contained an excellent audience who gathered to hear the Rev. J. E. Abramson discourse on the Last Supper and the incidents in the Garden of Gethsemane. The Rev. Charles Fox Davis will be the preacher of the hour at tonight's service, and his theme will deal with the arrest of Christ, His mock trial, His journey to Golgotha and the Crucifixion with the phenomena that marked the tragic hour. The ladies' quartette of the Baptist church will sing. All are earnestly invited to attend.

Foley's Honey and Tar is a safeguard against serious results from spring colds, which inflame the lungs and develop into pneumonia. Avoid counterfeits by insisting upon having Foley's Honey and Tar, which contains no harmful drugs. H. P. Dunn. mwf

MINNESOTA S. S. ASSOCIATION

Sunday School Workers of Minnesota
Will Meet in Crookston May
4th and 6th, 1909

The Sunday school workers of Minnesota will meet in Crookston, May 4-6, 1909, for their 51st annual convention. Every pastor, superintendent and teacher in Minnesota should attend. Entertainment will be provided for all delegates on the "Harvard Plan," lodging and breakfast. Good meals will be provided at a very low expense, aside from railroad fare.

W. C. Pearce, of Chicago, Ill., Supt. Adult Bible class Department of the International S. S. Ass'n, will be present during the entire convention. Everybody who has ever heard Mr. Pearce will want to hear him again. Send to the state office at 871 Snelling Ave., St. Paul and ask for a program. When you see the specialists and the helpful topics, you will want to go.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. H. P. Dunn. mwf

Red Men Surprised

One of the most pleasant surprises of the season was sprung last evening, on Red Cloud Tribe, No. 13, I. O. R. M., at their hall in the Columbian block. The tribe was getting ready to confer the third degree on some pale faces, who were in the outer hall when the door bell rang, and when the guard went to the door he was confronted by the ladies of Iola Council, No. 15, Degree of Pocahontas, who said they were waiting to get in. They were told that they would have to wait for a while but insisted that the gentlemen could wait until next meeting, which they kindly consented to do and the meeting was brought to a close in short order. The evening was very pleasantly spent in playing "500," eleven tables being used. An elegant lunch was served by the "squaws" after which the prizes were distributed as follows: Mrs. Geo. Sargent won ladies head prize, Mrs. H. B. Van Sickle got the consolation prize, Oscar Hagberg was awarded the head gentlemen's prize, while Alger Anderson captured the booby prize. The party broke up about 1 o'clock in the morning and everyone present reports having had a most delightful evening.

NO GENERAL STRIKE ORDER SENT OUT

But Labor Trouble on the Great Lakes May Spread.

Buffalo, N. Y., April 9.—Officers of the various Great Lakes labor unions assembled here declare that no general strike order has been issued. There is a strong sentiment that the marine engineers should be backed up in their refusal to sign contracts sent out by the Lake Carriers' association which provide an open shop rule.

Eye Strain Headache

Toledo, Ohio, lady tells how headaches disappeared with the use of Dr. A. W. Chase's Nerve Pills.

Women who use their eyes much for reading or fine needlework are sure to find eye-strain and nervous, sick headaches among the first symptoms when the nervous system gets run down.

As a positive cure for headaches, not mere relief but cure, Dr. A. W. Chase's Nerve Pills stand without a rival because they get at the cause of the trouble and build up the nervous system to health and strength.

Mrs. K. Kramer, 31 Summit St., Toledo, Ohio, states: "My trouble was good, hard, nervous, sick headaches and neuralgia of the eyes, all due to a run-down system. I heard of Dr. A. W. Chase's Nerve Pills and obtained splendid results from their use. The headaches and neuralgia disappeared when my system was built up; the nerves are steady and my whole system wonderfully benefited."

The portrait and signature of A. W. Chase M. D. the famous Receipt Book author, are on every box. 50 cents at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Dr. A. W. Chase's Nerve Pills
H. P. DUNN, Druggist.

elation which provide an open shop rule.

Up to this time the seamen, cooks and stewards are the only organizations who have declared for a strike, while the firemen and oilers' refusal to work under nonunion engineers amounts to the same thing.

Negotiations are now in progress with four of the big package freight lines, and it is said that the managers will offer to give union engineers berths aboard their boats without requiring them to sign contracts of any kind. The lines interested in this move are said to be the Western Transit company, the Anchor Line, the Lehigh Valley Transportation company and the Rutland Transit company.

ENGINEERS AT THEIR POSTS

One Company Claims to Have All the Men It Needs.

Cleveland, April 9.—Officials of the Pittsburg Steamship company, which owns many of the largest boats on the Great Lakes, announced that all of their engineers were at their posts. F. B. Smith, chief engineer of the company, stated that the owners expect no trouble with the engineers and that little difficulty was being found in replacing the few firemen who had left their posts on account of the "open shop" policy of the company.

Preparations are being made by the company now to start all of their first class boats, of which there are thirty, at the opening of the season. The boats are now being repaired.

Union men here express the opinion that owners of independent boats would not be averse to a strike. The marine workers assert that the independents are not anxious to start their boats at all on account of slack business.

All told, forty-four contracts have been returned by engineers to boat owners in Cleveland. Contracts sent to engineers are accompanied by printed agreements not to participate in any strike which the union may call. This agreement as well as the contract must be signed if the engineer desires to go to work.

ROSENTHAL SLIGHTLY ILL

Programme of Defense in Oil Trust Case Changed.

NORTHERN SECURITIES CASE

Referred to by Standard Oil Company's Attorney, Who Claimed That in That Suit and the Present Case Two Distinct Principles of Law Were Involved and That the Cases Are Not Identical.

St. Louis, April 9.—The temporary indisposition of the Standard's \$1,000-a-day lawyer, Moritz Rosenthal of Chicago, interfered slightly with the programme of the defense in the presentation of its reply to the government's suit to dissolve the Standard Oil company of New Jersey for alleged Sherman act violations when the case was resumed before the four judges of the United States circuit court of this district. John J. Milburn of New York, the Standard's chief counsel, completed his opening argument, commenced Tuesday afternoon and Mr. Rosenthal was to have followed with a discussion of the facts, as claimed by the defense, leaving John G. Johnson of Philadelphia and David T. Watson of Pittsburgh to argue the law points and interpret the Sherman act from the viewpoint of the defendants.

Mr. Rosenthal's indisposition, although only a slight attack of neuralgia, was of sufficient severity, however, to keep him from the courtroom. He will make his argument at the conclusion of Mr. Watson's address.

Lawyer Watson represented the government in the Northern Securities case and is credited with having won the suit. In his interpretation of the decision in that now oft quoted authority, Mr. Watson insisted that in the present case and that suit two separate and distinct principles of law were involved, and that under no stretch of imagination could they be identical. The crux of his argument was that the defendants could not be held for their conduct of years past and that the only point the court could consider was whether it was acting in restraint of commerce, engaging in unfair competition, or doing any of the many other diverse things alleged on Nov. 15, 1906, the day the petition in the present case was filed.

Touching upon the history of the Standard's past, Mr. Watson claimed Mr. Rockefeller and his associates had the legal right as citizens to combine as they did under the 1882 agreement, a right denied the two competing roads, not citizens, in the Northern Securities case.

We're Proud to Offer These Clothes—\$10 to \$25

Only the leading firms in each city are allowed to handle CLOTHCRAFT CLOTHES.

If you know as well as we do, how good these clothes are, you understand why we are so proud to be the firm in this city and to announce the new CLOTHCRAFT styles for Spring.

No other line of clothes is so eagerly competed for by dealers. Because, after all, wise dealers want to give the best values they can to their customers.

They know as well as you do that honesty is the best policy.

Clothcraft Clothes

So Much for So Little

But we didn't decide to handle CLOTHCRAFT till we knew from top to bottom just what these clothes are and just how they compare with others.

The thing we wanted to know was how they could be so good and yet sell for so little.

For CLOTHCRAFT CLOTHES have the very best style, and their pure wool and fine tailoring are guaranteed. And yet the prices are only \$10 to \$25.

We Investigated

When we investigated, this is what we found:

An organization that eliminates

waste. The most wonderful and up to date clothing factory in America. A factory system and marvelous processes that save on cost without any reduction in value. An output so big that an immense saving is made in the purchase of materials.

And we found that the savings thus made were what paid for the better wools and better tailoring in CLOTHCRAFT CLOTHES.

Thus we proved to ourselves how these clothes can be at once so good and so low priced.

And thus we became more proud than ever to offer CLOTHCRAFT to you.

Now we want you to see these astonishing clothes. We wish you would come today.

J. F. Murphy & Co.

SHOOTS GIRL AND HIMSELF

St. Paul Man Attempts Murder and Commits Suicide.

St. Paul, April 9.—Pulling a 38-caliber revolver from his hip pocket, without uttering the slightest warning or remark, Henry Kneip, twenty-five years old, fired at Alice Thompson, twenty-three years old, while the two were getting ready to leave a chop suey restaurant at 415 Robert street.

The assailant died in a few moments, while the young woman was hurried to St. Joseph's hospital, where she is lying in a precarious condition. She has a fighting chance.

No direct motive can be attributed for the deed, except that of jealousy, and the man had not known her long enough to be impelled to any such strong feeling, according to the story of the victim.

She says that Kneip had gone with her about five or six times, and she was not particularly on any affectionate terms with him. He had sought to go with her many times, but she had repulsed him and had divided her time among some of the other young men in the neighborhood.

Big Theatrical War.

New York, April 9.—The announcement by the Messrs. Shubert that they have withdrawn from the Theatrical Managers' association is the first gun, according to the Tribune, of what will undoubtedly be a big theatrical war.

Indigestion

Stomach troubles is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

Dr. Shoop's Restorative
H. P. DUNN.

You Buy And I'll Buy

Simply buy of your grocer a trial cake of Galvanic Soap for the laundry, price 5c. Then I'll buy for you a full-sized cake of Palmolive Soap never sold for less than 10c—the daintiest toilet and bath soap made—soap that is really delightful.

I do this to introduce Galvanic Laundry Soap. Yet Galvanic Soap is not new and untried. It is an old and true soap.

300,000 Women Use It

I figure that 300,000 housewives now use it every day—use it for laundering and for dish-washing—use it because it is very much better than a merely good soap.

I want you housewives who use merely good soap to know Galvanic—the best—to judge by results which is the best soap.

Galvanic Soap cannot harm the clothes. I've 36 years' experience crystallized in this soap.

Galvanic makes the clothes cleaner and whiter and goes twice as far as a yellow soap.

No boiling required. No rubbing—except very soiled spots.

Cocoanut oil is one reason.

I go 10,349 miles to Ceylon for this oil.

Others won't use it because it's expensive, yet it's immensely effective.

But nothing's too good for those 300,000 who use Galvanic Soap.

They deserve the best, so I make it.

They deserve a big cake for 5c, so I give it. I can afford to make less profit, for they'll always use my soap. Don't you want to know what they're getting? Don't you want to try this soap?

It's Honest Soap

I'm asking a favor—in asking you to take my word till you try it. That's why I'm going to make the first cake worth while regardless of its own value. I'm going to give you 3 times what you pay for when you buy that first cake.

Don't pay 5c for a merely good laundry soap—soap not one-half so effective. Learn what you save and gain—using Galvanic Soap.

Clip coupon now—while you think of it.

CALEB E. JOHNSON, Pres't.

Please Note!

If any one of your family has already redeemed one of these coupons you cannot redeem this one.

This offer is made to your family but once, and to but one member. The coupon must be signed by the recipient, giving his address, so we may keep proper record.

B. J. Johnson Soap Co.

Milwaukee, Wis.

This certifies that my grocer has delivered to me FREE one cake of Palmolive Soap on my first purchase of a 5c cake of Galvanic Soap. Also that I never before have accepted this offer.
